February 16, 2012

Dear Sir or Madame:

Pursuant to MPEP 1481.03, I am filing this paper to respectfully request that a Certificate of Correction be used to amend Patent No. 6,609,091. I failed to list the intervening application preceding this application.

From MPEP 1481.03:

Under certain conditions specified below, a Certificate of Correction can be used, with respect to **35 U.S.C. 120** and **119(e)** priority, to correct:

(A) the failure to make reference to a prior copending application pursuant to **37 CFR 1.78(a)(2)** and **(a)(4)**;

For all situations other than where priority is based upon **35 U.S.C. 365(c)**, the conditions are as follows:

- (A) for **35 U.S.C. 120** priority, all requirements set forth in **37 CFR 1.78(a)(1)** must have been met in the application which became the patent to be corrected;
- (B) (Not Applicable)

C) it must be clear from the record of the patent and the parent application(s) that priority is appropriate. See MPEP § 201.11 for requirements under **35 U.S.C. 119(e)** and **120**.

I respectfully submit the following to meet the above conditions of MPEP 1481.03.

(A) I am the sole inventor for each prior filed application. Each prior filed patent has the same specification. I am entitled to a filing date as set forth in § 1.53(b) and I have

paid therein the basic filing fee set forth in § 1.16 within the pendency of the application.

(C) Each succeeding application was filed before the preceding application was issued as a patent. Patent No. 6,609,091, and Patent No. 6,138,087 claim priority to Patent No. 5,715,468.

I have enclosed a Certificate of Correction fee of \$100 and a fee transmission form.

I have enclosed a Certificate of Correction form.

I respectfully request that the corrections of the enclosed Certificate of Correction be used to amend Pat No. 6,609,091.

Respectfully submitted,

*Robert L. Budzinski*
